Specifications

Model	
Model Name	Z
Model Number	CSAZ-103
Specs	
Type:	Mini-ITX Gaming Case
Color:	Black/Black(inside chassis)
Material:	0.6mm SECC
Side Panel Window:	Yes
With Power Supply:	No
CPU Cooler Compatibility:	up to 80mm
Motherboard Compatibility:	Mini ITX
Power Location	Front Bottom
Expansion	
External 5.25" Drive Bays:	1
Internal 3.5" Drive Bays	2
Expansion Slots:	2
Front Ports:	1x USB 3.0, 2xUSB 2.0, HD Audio
Cooling System	
120mm Fan:	1x120mm LED fan on side
Physical Spec	
Dimensions(HxWxD)	13.5"x4.4"x17.3" (342mmx112mmx440mm HxWxD)
Weight	8lbs
Feature	
Exceptional Cooling System	1x120mm LED fan on the side, intake the cool air in.
Support ATX power supply	Support Regular ATX power supply. No need to use special kind TFX or 1U power supply.
Maximum Capacity water cooler	Support up to 2x120mm water cooling radiators.
Support longest VGA card	Accommodate VGA card up to 11"
USB 3.0 Ready	1xUSB 3.0, 2xUSB 2.0
Easy install CPU cooler	A cut-off hole is prepared for installing CPU cooler with ease, eliminating the need for prior removal of the motherboard.

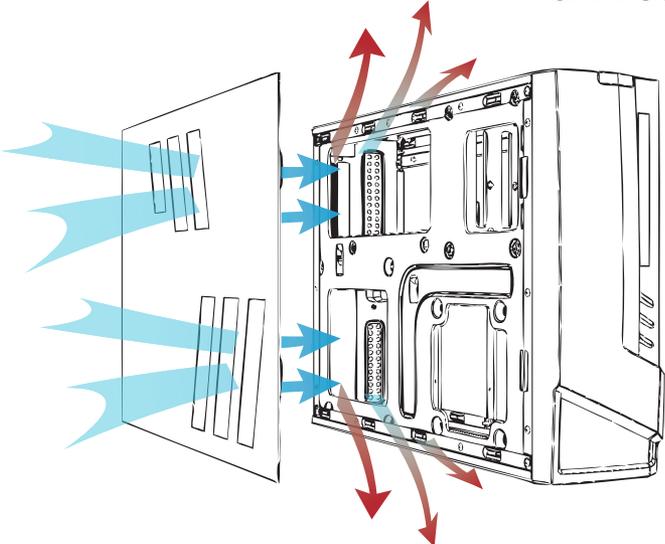

Parts List

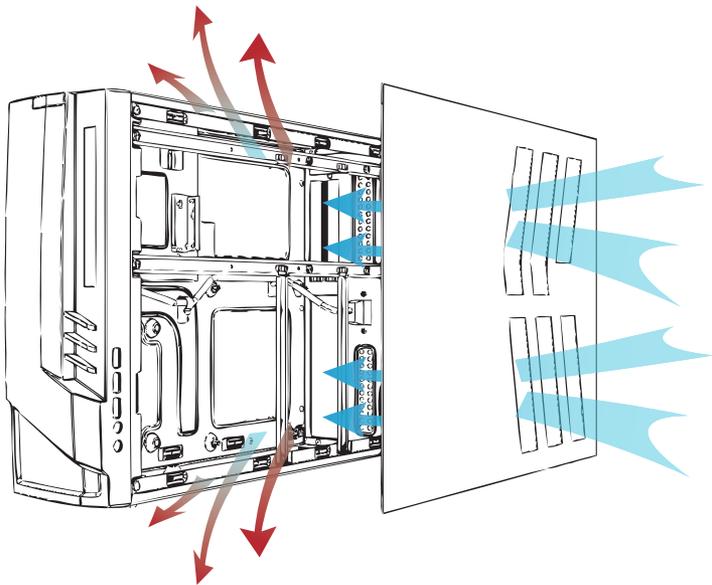

1	Case
2	Left Side Panel
3	Right Side Panel
4	Stand
5	Front Panel
6	USB/Audio
7	Fan
8	Power Cord
9	PCI-E cable

- 7.2 Place the motherboard into the slot as shown in the figure, and fasten the screws.

8. VGA Card Installation

- 8.1 loosen the screw, and remove the VGA holder.
- 8.2 Install the VGA Card, and fasten the screws.
- 8.3 Remove the sticker(s) and paste the rubber pad(s) on the VGA holder if necessary.
- 8.4 Put VGA holder back, and connect the PCI-E cable.

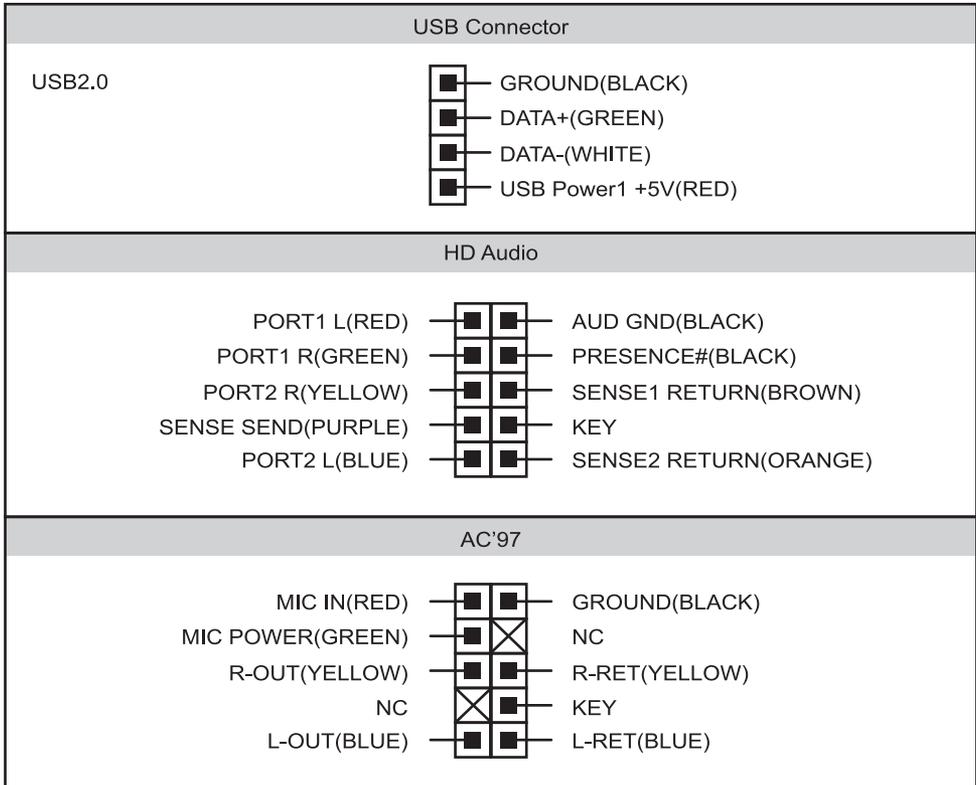

9. Cooling System Installation

- 9.1 A Cooling system bracket is provided that accommodates the installation of 120 / 240 mm water cooling system.

Front Connector Installation Guide

Please refer to your motherboard user manual on the sections of "USB connector" And "audio connector".
Please verify the pin definition before connecting the connectors to the motherboard

Remark:

1. USB and Audio connectors have foolproof design, can only be inserted in one direction
2. LED connectors have electrically positive and negative poles
